Customer Reviews

I checked this book out of my elementary school's library as a child, over and over, because I loved the unique and beautiful folk tales. I wanted to get this book to share with my own children, and rereading these stories as an adult has only strengthened my regard for these creative, thought-provoking, entertaining, well-written tales. The stories offer a vantage into long-ago, rural Japan, which is interesting and exotic, but each tale teaches the rewards of good character with such virtues as humility, gratitude, good work ethic. I read these stories to my family in the evening, and all of my daughters and even my husband slow down to listen. A great investment, for both exposing children to quality literature and provoking meaningful discussion about good character.

My sister would read me this book when I was a kid. That was 46 years ago. Growing up, we lost this book until now. When I saw it I was so happy to purchase it again. I now read it to my granddaughter who loves it and wants me to read it over and over again. Her favorite stories are "Sea of gold and two foolish cats". There are a lot of short stories, all are good and fun to read and it is illustrated very well.

Kindness is rewarded in this story. The author uses vivid language to help the reader visualize.

Meredith, age 8
