Language: English

ISBN-10: 0736896511

ISBN-13: 978-0736896511

Product Dimensions:  6.9 x 0.1 x 9 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review:  5.0 out of 5 starsÂ Â See all reviewsÂ (4 customer reviews)

Best Sellers Rank: #804,444 in Books (See Top 100 in Books)  #101 inÂ Books > Children's Books > Education & Reference > Science Studies > Electricity & Electronics  #510 inÂ Books > Children's Books > Biographies > Science & Technology  #1266 inÂ Books > Children's Books > Biographies > Historical

Age Range: 8 - 14 years

Grade Level: 3 - 4

## Customer Reviews

Just like Amelia Earhart, this is also a great historical adaptation. It narrates the invention of the light bulb in minute details, including the possibility that there was someone else competing to make the light bulb. In addition to this, there were other names that contributed to the development of the light bulb mentioned in this story. This adaptation was quite realist and gets along pretty well in a science course as well as in language arts. Excellent graphics too.

My son is into comic books, so this is a great way to teach him history. I'm learning a lot too!

We own several of these historical comic books and love them!

Great!
