Love Without End: Jesus Speaks...

Synopsis

For almost two thousand years devoted believers, mystics, innocents, and even non-believers have reported to have near-to-life, fully perceptual, visitations with Jesus Christ. In 1992 such an event happened to Glenda Green and spoke with her daily for almost four months. During this time, they spoke...as friends do, of many wonderful things both miraculous and practical. Nothing would ever be the same. Her penetrating report of this experience is sincere, unbiased, and free of religious contrivance. In many ways her perceptions provide a bridge to the new millennium. Never before has language or a state of consciousness been present to examine the nature of such a miraculous occurrence as well as to develop the profound implications of it. Here is a brilliant glimpse of eternity, rich with practical applications to life. These messages are sparkling and direct with great contemporary relevance, imparting in every way the impact of Divinity in communion with a thoughtful and well educated woman of our generation. Amazing answers are given to more than 300 penetrating questions.

I have read most major works on Jesus and had private Christian education through college. I descend from a long line of fundamentalist ministers whose tradition I abandoned after concluding that the Bible could not possibly be the "infallible Word of God" they were hyping it to be. The Bible, I gradually had to admit, is actually the inspired work of many different men, that has become hopelessly clouded with endless traditions, poor translations, unenlightened interpretations, crazy canonization, unending political manipulations, violent persecutions, murderous and racist leaders,

clandestine councils, and gallons of Medieval ignorance. That is why the world needs the Love Without End book, and why Beloved Jeshua (pronounced yea-SHU-ahh) actually took the time to get it written. This book is exceptionally profound. It is deeper, wider, and more concise than any other book I have ever read. The goal of this book is personal enlightenment resulting in supraconscious union with God, through love, which is the real "born again" experience Jesus recommended. This goes way beyond the Billy Graham surrender to our doctrine syndrom.... Way, way beyond. I took a seminar with Glenda Green in Wisconsin, (and secretly concluded that she was the reincarnation of Mary Magdaline (don't tell the church leaders!)). Seeing Glenda personally, I am of the opinion there is no way she could have written this book alone, or would have ever attempted such a megalomaniac type project. Knowing the gnostic and mystical traditions, both East and West, I see no way that any living writer could have accomplished this with such perfect tenderness, completeness, logic, education, insight, authority, and word choice.
